- Effects
- Titles
- Enhancing fading

Audio

- Importing to sequence
- Fading in/out
- Audio Effects
-

Final Adjustments & Saving

- Fine tuning sequences
- Saving formats
- Testing movie

Our 'hands-on' one-day course teaches you to assemble a Video based project, collecting movie clips, artwork and sound. You will also use the Timeline to produce a complete project movie. Typically, delegates attend who wish to produce video content for the web or programmes.
